- ✓ Washed, dried and screened.
- ✓ Quality controlled.
- ✓ Processed in Somerset.
- ✓ Nationwide delivery from 1 pallet to full loads.

FIRE SAND

Our dried light-coloured silica sand is ideal for use in fire-fighting applications. When applied directly onto a fire it suffocates the flames by removing the oxygen supply and absorbing the heat.

Recommended for use on small fires, outdoor and cooking fires that are slow burning.

Suitable for use in an electrical fire.

It is also an excellent cost-effective base for fire pits.

- ✓ Fills a 10L fire bucket
- ✓ Easy to use
- ✓ Easy to sweep up
- ✓ Available in individual 12.5kg bags or pallets of 80 bags
